DELICACIES FROM THE LAND OF MILK AND HONEY

Canaan launched the first fair trade olive oil in the world in 2005. We produce olive oil that has been farmed organically by tradition, from generation to generation, for thousands of years. From our fields to your table, Canaan embraces a process that unites the ancient practices of olive farming with cutting edge technology for top quality pressing, storing and bottling. **From the soil to the bottle**, we work with our farmers in a continuous effort to consistently yield premium extra-virgin olive oil. Our artisan foods are made in small batches with care, utilizing the crops of the region. We anchor our practices in both **fair trade and sustainable organic farming**, fostering ongoing business partnerships with our farmers so we can guarantee gourmet products to our customers. Canaan is pleased to present a variety of **olive oils, crushed oils, tapenades, za'atar, Maftoul, freekeh, and more.**
